

EMPLOYMENT OPPORTUNITY

SAFETY INSTRUCTOR

(Part-time, Call-in)

THE COMPANY

Eastern Safety Services provides first aid and safety training throughout the Province of Newfoundland and Labrador. We are a leader in delivering the Emergency Medical Responder – Ambulance program to the EMS system. In addition, we supply first aid, medical and industrial supplies, provide security and protective services.

DUTIES

Safety Instructor is responsible for the delivery of our training programs throughout Newfoundland and Labrador. The major function of the role is delivering training in the classroom, but also be engaged in course development. Delivery of training courses include but not limited to OH&S Committee training, Powerline Hazards, Traffic Control Person (TCP), Fall Protection, Confined Space Entry, First Aid, WHMIS, TDG and other courses as required.

Training Program Development and Support: Develops and maintains training manuals, and procedures. Monitors and evaluates training program effectiveness and works with the team to make modifications to the content and delivery as required. When new equipment is introduced, evaluates the equipment, in conjunction with the safety team, and determines the training needs. Develops safe work procedures and practices related to training equipment. Develops and implements processes to evaluate competency to operate training equipment. Conducts evaluations both in the classroom and field, organizes paper work, maintains training records, and participates in course program and curriculum development.

Employee Training and Development: Responsible and accountable for preparing and presenting training in both theory and a practical setting. Mentors, coaches, transfers knowledge, and provides information and support to all students and staff while they are in training or undergoing assessment. Instructors are responsible to complete a competency assessment to ensure that a student can perform required skills.

QUALIFICATIONS

- Experience in an adult teaching an asset.
- Health & Safety certification (Certificate or higher)
- Workplace NL approved trainer or have the ability to get approved.
- Training and Development Course from a recognized institute an asset.
- A valid driver's license is required. A safe driving record is required.

You will possess the following:

- Ability to empower people, strong organizational skills, and use of innovative approaches in situations involving rapid change, shifting priorities, and/or simultaneous demands.
- Excellent interpersonal, analytical, and communication skills, as well as a demonstrated ability to assess situations from a business perspective.
- Knowledge of all first aid training equipment.
- Experience in development and delivery of training courses.
- Knowledge and expertise in training principles, methodology, and adult learning theories.
- Knowledge of safety precautions, methods, and techniques employed in industry.
- Knowledge of radio communication procedures and demonstrated ability to communicate effectively through this media.
- Sound, practical judgment using independent decision making.
- Promotes a safe work environment and leadership in effective labor relations.
- Ability to work with and understand spreadsheets and budget controls, and prepare clear, concise reports and recommendations.
